

ASSEMBLY BILL

No. 245

Introduced by Assembly Member Grove

February 6, 2013

An act to amend Section 12894 of the Government Code, relating to greenhouse gases.

LEGISLATIVE COUNSEL'S DIGEST

AB 245, as introduced, Grove. California Global Warming Solutions Act of 2006: public meetings.

The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open public process to achieve the maximum, technologically feasible, and cost-effective greenhouse gas emissions reductions. Existing law imposes conditions on the nongovernmental entity Western Climate Initiative, Incorporated, created to assist the state board in the implementation of the act.

Existing law, the Bagley-Keene Open Meeting Act, generally requires that all meetings of a state body be open and public. Existing law exempts the nongovernmental entity Western Climate Initiative, Incorporated, and its appointees from the Bagley-Keene Open Meeting Act when performing their duties.

This bill would repeal that exemption and instead subject the Western Climate Initiative, Incorporated, and its appointees to the Bagley-Keene Open Meeting Act when performing their duties.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
